

2.0 Management Responsibility

It is the Policy of Silotank to operate an Integrated Management System in accordance with the requirements of ISO 9001:2008, ISO14001:1996 and OHSAS18001:1999.

The overall objective of the company is the provision of a safe, environmentally friendly and quality orientated work environment.

The company is committed to the concept of continual improvement and will use the Integrated Management System as an improvement tool. Quality, environmental and safety issues are viewed as core business values.

The following policies express our commitments in each of the specific areas.

Quality Policy Statement

Silotank philosophy is to continually improve its business processes.

We will strive to design and develop products, which ensure that the customer expectations are not only matched but also surpassed.

Our Quality Management System has been designed to comply with ISO9001:2008, with no exclusions.

Our main objectives are to increase turnover and profitability and to reduce the cost of quality.

We aim to do this by:

- Identifying all aspects of our business which enable us to satisfy our customer's requirements;
- Developing new and existing markets;
- Being innovative and technically led;
- Setting targets and objectives to continually improve our performance in all areas identified;

Managing Director : 

Date : 1st October 2022

This policy will be reviewed annually.
