Dear Mr Carmichael

Water Supply (Water Quality) Regulations (Northern Ireland) 2007 as amended

Connaught Range of Tanks and Towers

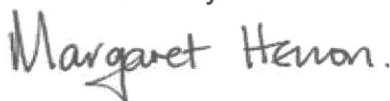

Thank you for your recent application to the Drinking Water Inspectorate (England and Wales) for a change to a product approval for use in the public water supply (additional grade of polypropylene). This was in respect of **Connaught Range of Tanks and Towers**.

The Drinking Water Inspectorate (England and Wales) undertakes this testing and assessment on behalf of England, Wales, Scotland and Northern Ireland and your application is deemed to extend to Northern Ireland. As Northern Ireland has separate legislation from that applicable in England, Wales and Scotland, the Department for Regional Development (the Department) has treated your application under Regulation 30 of the legislation above.

Following the approved product change acceptance of **Connaught Range of Tanks and Towers** the Department hereby approves the introduction of that product in Northern Ireland on the same terms and conditions as set out in the approval notified to you by the Drinking Water Inspectorate (England and Wales) in its letter of **23 February 2015**.

Your attention is drawn to Regulation 30(10) of the Regulations, which enables the Department to revoke or modify this approval. This approval is given solely for the purposes of Regulation 30 and should not be taken to imply any recommendations as to the technical merits of the aforementioned product or substance.

Yours sincerely

Margaret Herron
Chief Inspector of Drinking Water for Northern Ireland
